Certification test about REST API.

Node Congress, GitNation
Berlin's Node Congress attendee certification.

LANGUAGES

Polish - Native (C2)
English - Upper Intermediate (B2)
Italian - Elementary (A2)

SUMMARY

I'm an engineer in Computer Science. Currently I'm working on my master degree. I'm passionate about MERN stack technologies, especially backend development in Node.js and related libraries. Creating multiple REST API's projects has helped me develop a deeper understanding of databases as well. In free time I love to watch movies and travel.

PROFESSIONAL EXPERIENCE

JUL 2021 - AUG 2021

Intern Tester, EQ System Technology, Dąbrowa Górnicza

- Manual testing of internal company system
- Agile SCRUM methodology
- Interacting with database via SQL
- Using git workflow
